Exhibitor Information

2018 Convention

April 12-14

Introduction

Thank you for your interest in the Alberta Home Education Association's annual curriculum and services fair. We continue to be one of the largest fairs in Canada and we are still growing. Our exhibit hall is designed to serve our members and guests by including a wide range of materials and services of interest to the home education community within the mandate of AHEA. Over 100 exhibitors from across Canada regularly fill over 300 booths, offering products and services for over 2000 attendees from western Canada. The numbers of home educators in Alberta continues to rise because of the growing popularity of home education due to its effectiveness in producing well-educated, confident, responsible young people and the current government education policy. We expect that the convention will continue to grow in 2018 and beyond.

Due to the increasing costs of the facility and services the rates have increased this year, however, Wifi is now included in the rate. We intend to offer this price, without another increase for the next 3 years.

Although our convention focus is on home education, AHEA may, if space allows, grant table space to other types of vendors that may be of interest to the attendees. Each new vendor is screened for suitability. Please note that if a vendor is granted space one year it does not mean space will be available or granted in future years.

BUY IT HERE incentive program

We encourage attendees to purchase their merchandise at the convention, rather than on-line, through our BUY IT HERE program. AHEA offers 2 \$100.00 prizes on the Saturday of the convention. For every \$25.00 spent in the hall attendees receive one entry in the draws which occur hourly through the 2 days of the convention. You can participate in this program by donating a prize(s) of \$25 or more. Your business will be listed as a prize donor on large signs in the hall and in the guide. *To take part send me a voucher via email or mail with your business name, the prize and its value.* I will add your booth number and the winner will pick up their prize from your booth so you can talk with them. Last year I sat at the booth and received entries. There was a lot of excitement as they entered ticket after ticket in the draw. It seemed to be effective in increasing their desire to purchase in our hall.

Purpose & Values

AHEA exists to serve the Home Education Community.

The purpose of the society, initially, was to support parents, to create a forum for better interaction between home educating families and to develop better interaction

- AHEA values the supremacy of God
- AHEA values parents as having the God-given right and responsibility to direct the education of their children
- AHEA values the traditional family unit defined as one husband, one wife and children, if any. We hold this model to be normative and the basis for a strong and stable society.
- AHEA values children and recognizes their need for discipling within the family context.
- AHEA values government as being instituted by God. We hold that government exists to serve the people, and that it must exercise its compelling interest in the education of children in the least intrusive manner.
- AHEA values education as the life-long formation of the individual and is not restricted to the acquisition of knowledge
